REGIONAL HEALTH CENTRE

SOUTHLAKE WISH LIST

Southlake Regional Health Centre receives an outpouring of community generosity, for which we are very grateful. For those looking to support our hospital, the best and easiest way is by making a monetary donation through the Southlake Foundation. All donations will be directed to high priority needs, including medical equipment, capital projects, and patient programs.

To ensure the safety of our patients and meet infection prevention and control standards, we can only accept new, unwrapped items. We are not able to accept gently used or previously owned gifts.
